CLEAN UP

FAST!

Cigarette butts, bottle tops, broken glass, aluminium cans and pieces of paper are all among the most commonly found rubbish items on Clean Up Australia day. The Greensweep is ideal for stopping this sort of debris entering our storm water systems, choking our river systems and polluting our environment.

- No more frustrating raking, sweeping, vacuuming or blowing.
- There is no motor, no noise, it's simple, inexpensive and can't break down.
- It is quick and easy to use, will save you hours.
- Works equally well in wet or dry conditions.
- Rolls up & stores easily.

GREENSWEEP

is a proficient debris cleaner which collects leaves, sticks, stones, bird droppings, cigarette butts, nails, screws, washers etc. with a wide range of applications such as GOLF GREENS, PARKS & GARDENS, DOMESTIC DRIVEWAYS, CAR PARKS AND PATHS and is capable of being operated by hand or towed by a small vehicle eg. ATV (All Terrain Vehicle) or ride-on mower.

An innovative new outdoor maintenance tool designed to collect fine, loose debris from grass and hard surfaces with almost no effort at all. Ideal for Domestic, Recreational surfaces or Industrial use. The Greensweep is capable of being operated by hand, or towed by a small vehicle such as ride on mower or ATV. Below are nine different applications where The Greensweep has assisted in Cleaning up Australia;

GOLF COURSES

Ideal for removing duck and geese waste from greens and green surrounds. Collects leaves, sticks, stones and can be hand operated but is most effective behind maintenance vehicle or Golf buggy.

PARKS AND GARDENS

Keeps paths and walkways free of leaves and litter. No more noisy blower Vacs or sweeping.

AT HOME

No more frustrating blowing, hosing, sweeping or vacuuming. Cleans driveways and parking areas in minutes with almost no effort at all. No motor, no moving parts and no noise to disturb the neighbours.

SCHOOLS AND UNIVERSITIES

Used by grounds maintenance to clean debris from Campus grounds. Easily operated, easily stored, low cost and very durable means a long and effective life.

PUBLIC EVENTS

Fast and environmentally friendly way to fast clean hard surfaces after public events such as Football matches, concerts, markets etc. Collect small, untidy debris sweeping 1.8m in each pass and collecting at 95% plus efficiency.

BEACH-SIDE CLEANING

Collecting loose, foreign debris such as broken glass, sticks, stones, syringes, cigarette butts and even sand - protecting Pedestrians, Roller-bladers, Skate-boarders and beach-goers.

INDUSTRIAL

Collecting accumulated debris from around Service Stations, Car parks and Loading docks, preventing damage to vehicle tyres, collecting wind-blown rubbish and cleaning asphalt and concrete surfaces quickly without broom sweeping or hosing, saving our waterways from litter and pollution.

SPORTS SURFACES

Remove leaves, sticks & stones from Athletics tracks, Netball and Tennis Courts and hard sports playing surfaces. Makes it safer for competitors and maintains the surface at the same time.

SKATE PARKS

Collect sticks, stones, leaves and cigarette butts quickly and efficiently by any member of the team.

THE BENEFITS OF

GREENSWEEP

SPEED SWEEPING SYSTEMS
